## RIVAL CANDIDATES SPEAK AT RALLY

### Messrs. Oliver and Meetze Aspirants For State Senate

### PRIMARY TUESDAY

**Others Who Spoke Were Hugh Jefferies and P. J. Conlan—J. W. Collins Presides.**

Walter T. Oliver of Fairfax county and C. J. Meetze, Prince William county, candidates for the state senate from the fourteenth senatorial district were the principal speakers at a rally held last night in the opera house under the auspices of the Alexandria Trades Council which was presided over by J. W. Collins, of this city, who is a candidate for the city and Alexandria county in the coming primary.

Mr. Oliver told his audience that the real cause of the oposition to him is because he wouldn't bow his knee to prohibition. He said he stood up for what he thought was right.

The speaker narrated the indignities to which citizens of Virginia were subjected to at the hands of the prohibition inspectors and asserted that Mr. Meetze had never made an apology for such a law and he added that Meetze never cast a vote contrary to the wishes of State Prohibition Commissioner J. Sidney Peters.

The speaker said that Mr. Peters wants a quarter of a million dollars to continue his prohibition work and he added that if elected he would make Mr. Peters jump a whole lot of hurdles before he got it.

Mr. Oliver said he was not promising to repeal prohibition but that he was going to endeavor to stop "the unconstitutional and unjust" search of men and women on trains and in vehicles by prohibition inspectors.

Mr. Oliver declared he favored good roads and personal liberty and suggested that the money Mr. Peters wants to enforce prohibition could be better used for good roads. The speaker expressed himself as favoring labor.

He read a letter, written to Mr. Meetze by the Colored Voters League of Prince William and a reply sent by Mr. Meetze in 1917. The speaker also discussed some personal issues.

C. J. Meetze paid a glowing tribute to Virginia and praised the high standard maintained by the state. Mr. Meetze said it behooves us all to make the county, city, state and United States a decent place in which to live. The speaker declared he did not want a single vote unless he got it honorably. He expressed the hope that the best man would win and he added in conclusion that in that event he felt the high standard would be maintained.

The first speaker of the evening was Hugh Jefferies president of the American Military Reform Association. He advocated reform in the army. The present system he declared was despotic and the enlisted men signed away their lives and liberty under the prevailing system. He hoped it would be made democratic with no line of demarkation.

P. J. Conlan formerly president of the International Association of Machinists, complimented the Alexandria Trades Council on participating in politics. He said the trades union representatives in the halls of Congress and state legislature are doing splendid work and expressed hope that Mr. Collins' condidacy would be supported. He touched on the two phrases of labor production and distribution.

### SUIT IS LOST

**Lynchburg Man Asked $30,000 for Alleged Injuries When Put off Car**

Petersburg, Va., July 30.—In Judge J. M. Mullens court yesterday was tried the suit of A. L. Mawyer, of Lynchburg, against the Petersburg, Hopewell and City Point Railway Company for $30,000 damages for alleged personal injuries received by the plaintiff when he is alleged to have been put off a trolley car of the defendant company last spring.

The issue was tried as a special plea of accord and satisfaction, filed by the defendant company, whereby in consideration of $62.50, the company was released from liability as to the alleged accident. The plaintiff contended that the release was obtained through misrepresentation, in that he thought he was signing a receipt for a benefit, but not a complete relase. The jury gave a verdict in favor of the defendant company.

### GIVES CAUSES FOR RIOTS

**Colored Editor Says Chicago Negroes Are Herded in Black Belt**

Willie N. Huggins, editor of The Search Light, a Chicago weekly periodical published in the interests of the colored people, and a teacher in the Chicago public schools, told of the causes of the recent uprisings of the negroes in that city yesterday, and predicted that the 'uneducated negroes of New York would riot soon and that conditions would be far worse than either in Chicago or Washington.

"In Chicago the primary causes for the uprising," said Huggins, "were the housing situation, the conditions of employment and the political situation. The statement that the throwing of a stone brought on the riot was untrue. Of course there are many cases of negro brutality against the whites, and instances far too numerous of their uncouthness, but a few of the whites have retaliated against the negro, and there have been reported 20 cases of dynamiting in the black belt within the last 15 months.

## 25 ARE DEAD; 500 INJURED

### Trouble Spreads From Black Belt to Loop And Exclusive North Side

### SOLDIERS ARE READY

**Bloody Battle Occurs in Chicago Jail When Black Prisoners Attack Whites.**

Chicago, July 30.—The situation had improved and the "black belt" was calm early today after another night of sporadic rioting. Occasional outbreaks occurred during the early morning hours, and shots were exchanged between blacks and whites at intervals throughout the night.

Negroes geenrally kept to their houses this morning. No blacks were seen in the "Loop"—the central business district. Increased details of police patrolled the negro section.

Chicago July 30.—Race rioting spread outside the South side colored district yesterday. There was serious fighting and shooting in the loop early in the forenoon. The exclusive North Side residential district received a touch of the disorder.

Killings continued after day break bringing the number of dead in police reports up to 25 by this afternoon and hundreds were injured. The list included 16 white and nine negroes.

One ore the most serious riots of the day occurred in the Cook County Jail, when 100 negro prisoners, exercising outside their cells. overpowered a negro guard and raced into the exercise room of the white prisoners where there wer betwen 600 and 700 men. When the negroes burst in there was an instant clash.

The regular force of guards was unable to control the fighters and so locked the doors and appealed for aid. The prisoners fought for an hour before they were beaten into submission with clubs. Several of the negro prisoners it was reported carried knives and a number of white prisoners are said to have been seriously wounded.

City, county and State officials united yesterday in an attempt to soothe Chicago's social torments of race rioting, complicated by a complete street car strike. Despite their joint efforts trouble flared intermittently throughout the morning and the death list grew until it reached 25. Even that figure was approximate, as unconfirmed reports of additional killings were still seeping into police stations.

The fighting yesterday centered mainly in the heart of the black belt along Thirty-fifth street, and to cope with the situation the police massed reserves of men rifles patrol wagons, ambulances, and motorcycles in the vicinity. Some 4,000 state troops were under arms in the city and as many more were under orders to be ready for emergency. There were two dangerous flare-ups, however, as far south as Fifty-first and State Sts., and three vicious fights took place in the down town district on Wabash avenue in broad daylight.

### EX-KAISER MAKES PLEA

**Asks That Chapel At Posen Be Not Converted to Catholic Uses**

London July 30.—The Berlin newspapers say that the former German Emperor has written to the Archbishop of Posen asking him to preserve the Protestant chapel at Posen Castle for Protestant services and not to convert it to Catholic uses.

The formed monarch said it would be unbearable to him to have Roman Catholic services celebrated in the chapel into which he had put his whole soul and in which he prayed for victory for Germany.

### WILSON'S TOUR DELAYED

**Hot Wather and Poor Health Given as Reason for Postponement**

President Wilson's proposed tour of the country on behalf of the peace treaty and the league of nations' covenant suffered another postponement yesterday. He is not expectd to leave until sometime between August 20 and 30. It was originally planned that the President make the trip within two weeks on his return from France.

While the present hot weather, coupled with the President's recent indisposition, represents the official explanation of the postponement of the trip, it is generally believed that the situation in the Senate has caused the President to devote all of his time for the present to "missionary" work in the ranks of the Republican Senators, who are opposed to the treaty and the league in their presnt form.

It was announced at the White House yesterday that the President would see four Republican Senators today and three on tomorrow. Those on the list today are Senators Dillingham, Harding, Fernald and Lenroot. For tomorrow engagements have been made for Senators New, Watson and Keyes. Senators New and Lenroot have already notified the White House of their acceptance of the President's invitation, and the other acceptances are expected to be in by today.

## SPLENDID SHOWING OF THE RAILROADS

### June Record of Passenger Trains in Southern Region Given

### 94.4 PER CENT MADE

**On Twenty-Eight Southern Roads 48140 Out of 50,949 Passenger Trains Maintain Schedule.**

Railroads in the southern region are keeping up their excellent showing in on-time passenger train service. Records for June. made public today by the United States Railroad Administration, disclose that 94.4 per cent of nearly 51,000 trains operated during the month maintained schedule or made up time. This did not equal the new high record of 95.3 per cent set in May, but it surpassed any other previous performance.

The figures given are for all of the 28 Southern roads under Government control. These roads operated exactly 50,949 passenger trains in June, and 48,140 of the maintained schedule or made up time where delays had been caused by connecting lines. Trains arriving on time at final terminals in spite of delays for any cause, numbered 46,885, or 92 per cent of the total.

As usual, the performance of the 17 larger roads was slightly better than that of eleven in the smalier group. Of the 46,063 trains operated by the larger lines, 94.5 per cent maintained schedule or made up time, and 92.1 per cent arrived on time at their final terminals, compared with 93.7 and 90.8 per cent, respectively, for the 4,886 trains of the smaller group.

Heading the larger roads in the on time at final terminal column was the Illinois Central, with 96.6 per cent for 6,380 trains. The Georgia was a close second with 96.3 per cent for 568 trains. The Southern Railroad operating 15,016 trains, or about one-third of the total for the larger roads, had a record of 95.6 per cent maintained schedule or made up time and 92. 6 per cent on time at final terminals.

### PYTHIANS PLAN TRIP

**Will Go To Herndon Tomorrow Night**

At a meeting of Oriental Lodge, Knights of Pythias, held last night, arrangements were completed by the chairman, A. J. Butcher, to visit Herndon Lodge Thursday night.

All members who desire to go will meet at the Pythian Temple promptly at 6 o'clock where automobiles will convey them to Herndon. Those contemplating the trip say a good time is in store for the visiting Pythians.

## SENATE GETS FRENCH PACT

### President Submits Defensive Treaty With Written Message

### LEAGUE OF NATION

**Prompt Ratification Urged To Quiet Alarm at Present Felt In France —Forestalls Recess Plan.**

Washington July 30.—President Wilson met the open threat of the Republican majority in the Senate to suspend consideration of the treaty of defense with France should be submitted to the Senate by sending the second pact to that body yesterday accompanied by a brief message.

This action effectually forestals the plan for a recess of the Senate until early in September and means that the treaty of peace will continue to be the subject of debate until an agreement can be reached for a vote upon it. And it means that a new question will enter into the discussion, although the substance of the second treaty has been a matter of comment upon the floor for more than two weeks.

It is unsafe to forecast at this hour the probable action of the Senate toward the new triple alliance. Few Senators have indicted their attitude regarding it. Those who have been heard from for the most part look upon it with a degree of misgiving. They do not appear to understand the necessity for it, if the league of nations is to be made effective. Nor does the President's message of yesterday throw any fresh light upon the motives which prompted the signing of defensive treaty.

Mr. Wilson cites the alarm which France feels even now that Germany is prostrate, over the possibility of unprovoked aggression from the quarter. He cites the friendship between this country and France and the incalculable debt which America incurred when the French came to our assistance during the revolution. He cites the fact that Great Britain has signed a similar treaty, But beyond that the message is unenlightening.

### DRAG LAKE FOR GIRL

**Companion Says Canoe Upset and he Tried to Save Her**

Paterson, N. J., July 30.—While Pompton Lake is being dragged for the body of Miss Mabel Harris, 20 years old, the police are holding Lester Decker, who went on a canoe ing trip with the missing girl Sunday.

The authorities declare Decker has made conflicting statements concerning the disappearance of Miss Harris. Upon his return to the village of Pompton Lakes after the Sunday outing Decker told the girl's parents, the police assert, that she was employed. When she failed to return the police were notified and the questioning of Decker began.

Decker is said to have declared that he struggled in the water for an hour in an efort to save the girl after the canoe had plunged over a dam.

The wreckage of the canoe was found, but the dragging of the lake has revealed no trace of Miss Harris' body.

Chief Mage, of Wayne township, in which the lake is located, has lodged a technical charge of murder against "John Doe" in connection with the case. Meanwhile Decker is being detained by the autheri-ties.

### GIRL TRIES TO END LIFE WITH HAIRPIN

Hagerstown, Md., July 30.—Catherine Foster, the young Rockwood Pa., girl who was arrested here last wek at the Western Maryland Railway station at the request of her mother, who stated that she had run away from home, attempted to commit suicide in jail, where she is being held pending the arrival of her mother.

Using a piece of stout cord and a large hairpin, the girl attempted to choke herself to death and was in the act of twisting the cord about her neck when a deputy sheriff, who happened to be passing her cell, heard her groans and took the cord from her. Miss Foster declares she will not return to Rockwood.

## CLASH OF RACES

Recent conditions in Washington and the alarming reports from Chicago in connection with race riots in that city show that there is more antiphathy to the negro north of Mason and Dixon's line than is manifest south of it. It may not be generally known, but it is a fact nevertheless, that riots occurred in Alexandria during the civil war between federal soldiers and negroes, in which the soldiers were invariably the aggressors. As the war was dragging its course along federal soldiers became discontented and were cast into soliloquies in which they were wont to exclaim, "We are supposed to be fighting to liberate negroes and have become slaves ourselves." The writer heard such talk in a circus at the time. Peaceable negroes were often attacked by soldiers and in some instances killed. About the time the war was closing a negro who was a deckhand on the steamboat Thomas Collyer was shot by a soldier and instantly killed while walking on Wolfe street, between Lee and Union. The assassin was not brought to justice.

On another occasion a riot was started on Duke street, between Fairfax and Royal, by soldiers attacking blacks while the latter, who were employed in the quartermaster's department, were on their way to thir homes. Each party numbered about fifty, and the soldiers were finally forced to retreat.

At that time Alexandrians were anticipating the burning of what was then called "Hayti," the square on Royal street, between Wolfe and Wilkes, the house on which were occupied exclusively by colored people.

During the excitment caused by race riots in this city on Christmas Day, 1865, numbers of [illegible] people residing in Alexandria at the time wantonly attacked [illegible] ple.

## WILL ABOLISH [illegible]

The Gazette recent[illegible] Mayor Fisher was [illegible] advisability of refusi[illegible] mission to close squ[illegible] sickness may exist [illegible] has now determined [illegible] privileges, and perso[illegible] sire to close a square by stretching ropes across each entrance will be compelled to appeal to the City Council for such permission. Hence when the purposes of recent permissions shall have been accomplished the custom will be brought to a close. His honor ordered the removal of ropes in the First ward this morning.

The Mayor's decision has been brought about by the many complaints which have come to him of late from parties residing on blocked squares who state that garbage barrels are festering in the sun, the city cart being unable to enter certain squares, while ash piles are accumulating and delivery wagons are unable to reach residences. Ice carts are barred from passing over the square while the mercury in the thermometer is forging toward the century mark. Besides on squares paved with vitrified brick the services of the street sprinkler and sweeper are needed almost daily to keep the thoroughfares in a sightly if not a sanitary condition. Squares closed for traffic are in a short time strewn with broken glass, remnants of bricks, old paper, banana rinds, etc.

The custom of closing streets on which sick persons may reside is peculiar in Alexandria. We do not believe the custom is tolerated in any other city.

The old-time cobblestone roadway is gradually becoming a thing of the past, as is also the lumbering cart and dray. Rubber-tired vehicles are taking their places rapidly, and they make but little noise.

Apart from the inconvenience, there is always more or less danger on closed squares. This is augmented an hundred fold in case of a fire alarm. In our day automobiles come from every quarter of the compass to Alexandria. Operators of many are not aware of the fact that certain squares are closed, and collisions with ropes are common occurrences especially after dark.

The authorities are ever ready to accede to anything that can in any way mitigate distress, but blocking streets is unreasonable and many believe unnecessary in this day.

## ALL EVIL NOT IN BOTTLES

Some phases of the disorders in Washington are not associated with the race problem. Since November 1, 1917, prohibition has been in force in the District of Columbia When it was found that liquor was being brought in from Maryland for private consumption, Congress passed an act making that traffic unlawful, and since last February the capital has been bonedry.

If conditions had been reversed with the liquor trade in full swing we should have heard long before this that the murderous riots recently in progress were due to an orgy of strong drink. As it is the only explanation offered by local officials or the lawlessness is that the Police Department has devoted its time so exclusively to the enforcement of prohibition that it has been out of touch with other criminal elements.

In whatever light it is viewed, the situation at Washington is not encouraging. The city has had for five months what all the rest of the country is soon to have in the way of prohibition. During that period there has been a decided increase in the [illegible] forms of crime, to say

lication of extracts from the records of their proceedings for political purposes, possibly without authority, to inquire of fellow-member of the cable profession.

It occurs to me, there may be, (to use an old saying), a "negro in the woodpile."

Mr. Oliver's record in the legislature, is an open book. May it not be possible that the interests those who are trying to regulate, and reform, (in their opinion), the customs, and habits of the whole world, may be interested enough to pay for this ad?

I would suggest that those who have read the ad and think enough of it to investigate before deciding between the conduct of Mr. Oliver, whose record, as before stated is an open book, read the 27th chapter of Genesis particularly the 22nd verse which may give them an idea of the modes operandi of those who fear, that some of the sumptuary laws of the state may be modified or repealed.

Pro Bono Publico.

## GOMPERS GIVEN FROST

### Amsterdam Labor Congress Against Stand of U. S. Delegates

Amsterdam, July 30.—With Samuel Gompers and Daniel Tobin, American Delegates to the International Labor Congress here, maintaining the reputation of the American Federation of Labor as the most conservative labor organization on earth, possibilities of a break with European labor loomed large yesterday.

The first defeat of the American delegation in question of voting is regarded as significant. Delegate Tobin's defense of Allied capitalists when the Congress attempted to place the responsibility for the war upon them created a mild sensation.

Tobin is known to be the most conservative of a conservative group, but his daring defense of capitalism which controls the Federation of Labor was entirely unexpected. Tobin, it was stated, cannot register that line of argument on Europe.

The unconcealed animosity of the American delegation toward representatives of Germany and Austria also is injuring the influence of the Americans. Gompers apparently hates Germany and everything German, and in the past has made no attempt to conceal it. On the other hand, the willingness of Legien, German delegate and formerly secretary of the International Labor Congress, and Herr Leuber, Austrian delegate, to admit the wrong against Belgium has won them considerable support.

## FEW TO STAY IN GERMANY

### Practically All U. S. Troops Will Leave By September 1.

After September 1 the Allied army of occupation in Germany will be composed largely of French and Belgian troops, the House Military Committee was told yesterday by Secretary Baker. He said there would be few American troops in this army. The figure he gave the committee was withheld at his request.

The "permanent" American force on the Rhine will be made up of units of the First division, which was the first divisional unit of the American army to reach France. This was made known today in a cablegram to the War Department from General Pershing, which said that all of the division, except units to be retained in Germany, would begin moving to a base port on August 15, in preparation for its return home.

## ALBANIAN REVOLT

Saloniki, July 30.—The number of Albanians in revolt against the Italian troops of occupation is growing daily, according to the newspaper Macedonia. Several of the Albanian chiefs who were opposed to Essad Pasha, provisional president of Albania, are coooperating with his partisans in an attempt to force the Italians to evacuate.

In spite of rigorous measures taken by the Italians to prevent the transmission of news concerning the insurrection, the Macedonia declares, it is learned that a number of Italian propagandists have been assassinated near Kravaya and Berat.

Bad Results From Taking Substitutes For Nuxated Iron

Startling Case Cited—Physician Warns Public and Says Ordinary Metallic Iron Preparations Cannot Possibly Give The Same STRENGTH, POWER AND ENDURANCE AS Organic Iron—Nuxated Iron.

The tremendous use of Nuxated Iron as a tonic, strength and blood-builder (it being estimated that over three million people annually are now using it) has led to the offering of numerous substitutes and imitations. Investigation shows that many of these instead of being organic iron may be nothing more than a metallic iron compound which may in some instances produce more harm than good. Typical among the cases reported is one of a woman who has threatened to sue for damages the druggist who sold her something purporting to be the genuine Nuxated Iron but which, while similar in name, package and appearance was nothing more than a spurious article, imitating the real. This woman claims that instead of obtaining increased strength and improved health as she had with the true Nuxated Iron, she was seriously upset and in fact became ill as a result of using the substitute.

Such instances as these have led physicians mentioned below to emphasize that health officials and doctors everywhere should caution the public against accepting substitutes for Nuxated Iron. Those who feel the need of a strength and blood builder should go to their family doctors and obtain a prescription calling for organic iron—Nuxated Iron—and present this to their druggist so that there may be no question about obtaining the proper article. But if they do not wish to go to the trouble of getting a prescription for Nuxated Iron then they should be sure to look on the label and see that the words Nuxated Iron are printed thereon.

There are thousands of people taking iron who do not distinguish between organic iron and metallic iron and such persons often fail to obtain the vital energy, strength and endurance which they seek simply because they have taken the wrong form of iron. If you are not strong or well, you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.

MANUFACTURERS' NOTE: The widespread publication of the above information has been suggested by Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Department) New York and the Westchester County Hospital; Dr. Ferdinand King, New York Physician and Medical Author; Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital of New Jersey; Dr. H. B. Vail, formerly Physician in the Baltimore Hospital and a Medical Examiner and others so that the public may be informed on this subject and protected from the use of metallic iron under the delusion that it is Nuxated Iron or at least something as good as Nuxated Iron. Nuxated Iron, is not a secret remedy but one which is well known to druggists. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

### FEARS WIDE UPRISINGS

Lynchburg, Va., July 30.—A revolution like that which swept over Russia and Germany is not impossible in England, Italy and France, "and after that God knows what troubles will be added to our already great burden," declared Dr. Augustine Elmendorf, of the executive committee of the nation wide campaign of the Episcopal Church, here yesterday, addressing churchmen of all the dioceses of West Virginia, Virginia and North Carolina.

### STRIKE ADDS TO WOES

Chicago, July 30.—White Chicago writhed in the grip of race riots yesterday traction strike piled up the city's troubles. Fifteen thousand employes disregarded orders of union officials and walked out.

The strike started at an hour when Chicago slept. Hundreds of thousands of of toilers went to stations and street car crossings, waiting for cars, not knowing the strike had gone into effect.

Decision of the men to walk out came at a mass meeting where union chiefs presented the terms of the agreement with the street car companies. When L. B. Brand member of the international board of the car men's union, attempted to present the terms, he was howled down before he had completed his statement.

William Quinlan, president of the elevated line union, who was presiding, rapped for order and shouted:

"It's all over. We strike at 4 o'clock.

At 4 o'clock every surface and elevated line car was in the barn and not a wheel moved.

Leonard A. Busby, president of the Chicago surface lines, in setting forth the poition of the street car managements, said:

"Our offer gave the trainmen receiving the maximum wage of 48 cents an hour, 65 cents an hour—an increase of 17 cents an hour—and a like increase to all other employes; an eight-hour day and time and one-half for overtime. The offer increased the cost of the service to the public, including the direct wage increase, the bonus time and overtime allowances insisted upon, to the amount of about $8,000,000 per annum.

"These terms, admittedly fair in excess of the wages and workings conditions anywhere else in the country, were flatly rejected by the men, and a strike called without even giving the public notice of warning."

The first day of the strike passed without disorder save for an attack on a street car that had been left outside a barn. A crowd surrounded the car, set it afire and hooted firemen who responded to the alarm.

### TERRIBLY SWOLLEN

**Suffering Described as Torture Relieved by Black-Draught**

Rossville, Ga—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

## Watch the Little Pimples; They are Nature's Warning

**Unsightly and Disfiguring Signals of Bad Blood.**

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is one of the greatest vegetable compounds known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drug store, and get a bottle of S. S. S. today, get rid of those unsightly, disfiguring pimples, and other skin irritations. It will cleanse your blood thoroughly. For special medical advice free, address Medical Director, 41 Swift Laboratory, Atlanta, Ga.

## NEGRO NEAR DEATH

Bel Air, Md., July 30.—Charles Holmes, the negro shot here following an alleged attack on Mrs. Mary Wolfinger, is at the point of death. State Attorney McComas swore out a warrant yesterday for the arrest of Richard Jewens, of Perryman, on the charge of assaulting Holmes with intent to kill.

Jewens shot the negro when he refused to halt. When he learned a warrant had been issued for his arrest Jewens voluntarily came to Bel Air this afternoon and surrendered. His appearance before the justice occupied only a few minutes. He was promptly released under $3,000 bail, pending the result of the negro's wounds.

He said he did not shoot to kill the negro, and that he fired in his desire to prevent his escape.

Mrs. Wolfinger is suffering from a nervous breakdown at her home, near Short Lane, following the attack made upon her by Holmes.

**To The Democratic Voters of the 14th Senatorial District.**

At a patriotic meeting July 26, 1919, held by the O. F. A. at Independent Hill, I was invited to speak on Patriotism, which I did without making any reference to my campaign for the Senate or to my opponent, Hon. W. T. Oliver. He was ahead of me on the program, but did not respond when his name was called. After I had spoken Mr. Oliver arose and made a political speech, most of which consisted of a vicious and unjust attack upon me, attempting to poison the minds of the people of my home County against me by trying to make them believe that I favored the abolition of the Jim Crow law and mixing of races in the public schools. I find that this charge is being circulated by him and his friends throughout the district. The charge is utterly without foundation, and I deeply regret that my opponent has seen fit to inject such an issue into a democratic primary. The only reason my opponent gives for this very serious charge is a certain letter written by a member of The Colored Voters' League of Manassas during the campaign between Mr. Sinclair and myself in October 1917—two years ago, which letter he read in the speech referred to. That letter was not addressed to or receivd by me, nor did I have any knowledge of its existence until it was published in a newspaper by certain of my political enemies.

The only letter which I ever received from the Colored Voters was addressed to both Mr. Sinclair and me and is as follows:

Manassas, Va., Oct. 20, 1917.
Mr. C. J. Meetze,
Manassas, Va.
Dear Sir:

We, the colored voters of Prince William county, are looking forward with interest to the election next month of our representative to the House of Delegates. We are going to do all we can to help that candidate to win whose views and ideals seems to us to be for the best interest of all the people of our commonwealth. That we may make up our minds, then, to this end, we are respectfully asking our candidate to submit to us their views, and the public stand they will take, if elected, on the following:

First—Matters concerning the general welfare of all the people of the commonwealth.

Second—The inadequate, unjust and discriminating accommodations for colored people on railroads and in public places.

Third—Negro education in the public schools of the state.

Fourth—Lynchings and mob violence, of which we have had recently two horrible cases.

We should be grateful if you will let us hear from you on or before Wednesday ,the 24th instant.

Very truly yours,
The Colored Voters' League
Manassas, Va., Oct. 24, 1917.

The Colored Voters' League,
Manassas, Va.
Dear Sirs:

Your circular letter sent to myself and my opponent has been received, and the interrogatories contained therein have been carefully considered, and in reply to them will say:

First—I do and always have upheld and advocated measures concerning the general welfare of all the people of the commonwealth.

Second—I am opposed to inadequate, unjust and discriminations for colored people on railroads and in public places, and have always been.

Third—I am in favor of giving the colored people a square deal in all matters of public schools and the provide better facilities and equipment for the education of their race because I believe it will advance greatly the right coption of their duty and service, not only to themselves, but to this great commonwealth of which they are a part.

Fourth—I have never favored lynching or mob violence, and while grave crimes have been committed, I have always maintained that the ends of justice and humanity can be best conserved by the proper application of the law, and that speedy trials by the proper tribunals is always the proper course to pursue.

In conclusion, I just wish to add this one word to the above. Meetze has made a record in the past always showing his friendly feelings for your race, and he could not have any sinister motive in view because of the fact that the Republicans have never been allowed to participate in Democratic primaries, and I could not expect anything in return for what I did for you except your friendship and good will which I believe I have at all times.

I would say that I would cast your votes for the man whom you think can best subserve your interest, and who has proven your friend in the past.

Very repectfully yours,
C. J. MEETZE,

In conclusion, I now state as emphatically as I can that I am and always have been absolutely opposed to the mixing of the white and colored races in the schools and upon the trains, and to any thing else that would encourage racial equality.

I cannot believe that my opponent will make any headway by resorting to tactics of this kind and appeal to the white democrats of the district to express their disapproval thereof on August 5th by voting against the author of them. I am a Democrat, always have been, and always expect to be and my eight years of service in the Virginia Legislature is my public record. That record will show I have always stood for and advocated better roads, better public schools (in which my children are receiving their education) and every other measure calculated to promote the moral, physical, social and economic welfare of our people. Upon that platform I now stand seeking the support of all democrats who approve it.

Don't
Neglect That Tire
They simply can't make tires good enough to prevent tread cuts. And a tread cut means trouble. If neglected the result is a "blowout," sooner or later. The sooner you get an injured tire to us the better—but there's no blow out too bad for us to fix—Right.

Drink a bottle of Cloverdale Ginger Ale every day
Dr. Goodhealth

Doctors Prescribe
Cloverdale
GINGER ALE
BECAUSE—
it's beneficial for the sick, fine for convalescents and healthful for those hearty and well. It's considered more than a good ginger ale because it has actual food value and tonic properties for the stomach—it will "agree" with you at any hour.

CLOVERDALE GINGER ALE is made with pure undiluted mineral water from the famous Cloverdale Springs at Newville, Pa., Genuine Jamaica Ginger (not red pepper), limes and lemons, and cane sugar syrup. Best of all—CLOVERDALE has "snap and fizz," but—

"It Doesn't Bite"

Order a Case Sent Home Today--Serve Cold

The way to get the utmost benefit out of this superior, really-beneficial beverage is to drink a bottle every day. Always serve COLD but DO NOT PUT ICE IN THE GLASS if you want to retain the original flavor.

## BERGER IS DEFIANT

Victor L. Berger admitted yesterday before the special committee investigating his right to a seat in the House of Representatives because of his conviction for violating the espionage act, that he had said in a speech "the only war the Socialists want is a war against our Administration; it matters not whether it is against Kaiser Wilson of Kaiser Wilhelm, for one is as bad as the other."

Questioned further, Berger also admitted that in an address in New York last month he had characterized the phrase "making the world safe for democracy" as "contemptible," and he declared that if sent to the Federal prison at Leavenworth he would carry the Red flag to the prison gate and call upon the young man to carry the banner.

YOU HAVE AN ADVERTISING MESSAGE FOR THE PUBLIC

# TellItNow

U. S. DEPARTMENT OF LABOR

Never were the people—the buying public—more ready and able to buy than they are to-day.

There is no scarcity of money. The purchasing power in America to-day is greater than in all history. The field for new and greater business development is here.

Advertising is the certain, quick, and economical method of developing your business.

When you put the power of advertising promotion and its great economies back of your own business, you are also spreading the spirit of optimism and good will.

The U. S. Department of Labor urges all progressive merchants and manufacturers—in fact, all who have anything to sell—to advertise now and take advantage of the great market which exists at this time.

U. S. DEPARTMEMT OF LABOR

W. B. WILSON, Secretary

ROGER W. BABSON,
Director General, Information and Education Service.

Yesterday's hearing was broken off suddenly when member of the committee remonstrated with Berger for his long answers to questions.

"We can't finish the hearing," said Chairman Ballinger, "If you make a speech every time you are asked to reply to a question."

### PERIFIED BODY

**State Department Seeks Family of Frenchman, Victim of Strange Fate**

Finding the family of a Frenchman who was buried alive in a hollow tree fifty-seven years ago and whose mummified body was recently found by woodchoppers in Ottawa Minn., will be the weird task of Alphonse Gaulin, American Consul General at Marseilles, the State Department revealed yesterday.

Madam Susanne LaRue, who lives in the Province of Bouches Du Phone, France, is the mother for whom Consul General Gaulin will search. Madam LaRue is sought not only to inform her of her son's fate, but also to return to her $700 which her son had the presence of mind to take with him and pin to the following note:

"Cannot get out; surely must die. If ever found send me and all my money to my mother, Madam Susanne LaRue, near Tarascon, in the Province of Bouches, Du Phone, France."

This is La Rue's story:

During the Sioux Indian uprising in 1862 a boatload of soldiers on the Minnesota River discharged their muskets many times as they steamed up the river, carrying terror to the people. When Jean LaRue heard the firing he seized his rifle and some other belongings, including about $700 in money, and fled into the woods. He must have known of the big hollow tree, sought to hide there, slipped too far down, and being unable to extricate himself, perished. His body, preserved in the living oak, failed to decay."

### RED PREMIER KILLS SELF

**President Garbai of Hungary Commits Suicide After Denouncing Bela Kun**

Geneva, July 30.—Alexander Garbai, President of the Hungarian Soviet Government, killed himself in the Assembly Building at Budapest after delivering a speech against the Soviet and the Communist supporters and accusing Bela Kun, the Soviet leader and the Minister of Foreign Affairs, of leading the nation to ruin, according to the Munich Nachniten.

M. Garbai until recently was reputed one of the strongest supporters of the Soviet Government, but lately he was said to have opposed Bela Kun. He was quoting as stating he realized the futility of the Government's course and its dangers to the country.

## THEATRES

### RICHMOND THEATRE

Vivian Martin and Charlie Chaplin tonight at the Richmond Theatre.

A large crowd saw Charlie Chaplin at the Richmond Theatre last night in "Sunnyside." It will be shown again tonight with Vivian Martin in "Louisiana," based on Mrs. Frances Hodgson Burnett's famous story.

To those who are unfamiliar with this delightful story, it may be said that it concerns the adventures of a little girl who lived on a mountain top and whose father, desiring that she should see something of the world instead of living the secluded life as her mother before her had done, sends her to a popular summer resort in the South. Here she meets the man whom fate had intended as her mate and a most delightful romance devlops. The villian, a jealous mountain boy who follows her to the city and attempts to kill her lover, furnishes the tense dramatic element.

### INGOMAR THEATRE

"Dust of Desire" is the title of the latest World release, which will be shown at the Ingomar Theatre tonight, and it will be interesting news for the patrons of this theatre to learn that this production is one of the most dramatic and intense pictures of the year.

A new comer in screen stardom is Rubye de Remer, whose interpretations of Beth Vinton, the society girl, thrown on her own resources and making her living by maintaining a tea house for New York's society people, and who, in order to marry the man she loves, tells him a lie about her past, is fired with the deep dramatic qualities which have marked her character portrayals upon the speaking stage.

### GRAND THEATRE

Don't miss the last episode of the "Master Mystery" starring Houdini also.

Appearing as a girl cast-away on an island in the Pacific, Mary Pickford, the popular screen star, is seen to splendid advantage in the newly reissued Paramount picture "Hearts Adrift," which will be displayed at the Grand Theatre tonight.

There are numerous thrilling episodes in the picture and supported by Harold Lockwood and a carefully selected company of players, Miss Pickford is seen at her best. The picture was directed by Edwin S. Porter.

### AN ALEXANDRIA MAN'S EXPERIENCE

Can you doubt the evidence of this Alexandria citizen?

You can verify Alexandria endorsement. Read this:

J. M. Treakle, oyster dealer, 601 South St. Asaph Street, Alexandria, says: "My back was in such bad shape I could hardly get up after sitting down awhile. I do a lot of fishing and sometimes the pains have caught me so I would have to call for help. I can hardly describe the terrible misery I was in. I had headaches that would almost drive me crazy. When Doan's Kidney Pills were recommended, I got some at the Creighton Drug Store. Doan's did wonders for me. They took all the misery out of my back and now I can go around and do any kind of work. Since Doan's Kidney Pills cured me I have never felt weak and lame like I used to."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Treakle had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

NOW IS THE TIME
To Build Up Permanently. Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

May we call for that rug, carpet or drapery you want made new.
Alexandria Laundry, Inc.

To Our Patrons
Alexandria, Va., June 2, 1919.
In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.
This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.
It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
